Add cool effects  
to your webcam!

 See a [video tour](#).

[Download ManyCam, it's FREE!](#)

Available for  Windows and  Mac. No spyware/adware.

## What is ManyCam?

- Use your webcam with multiple programs simultaneously.
- Add text to your webcam video window with any application.
- Add cool animations to your video window.
- Show your local day and date in your video window.
- Add live CGI graphics like fire and water effects. You can even make it appear as if it is snowing inside your house!
